

Setup for ISDEEN_Game

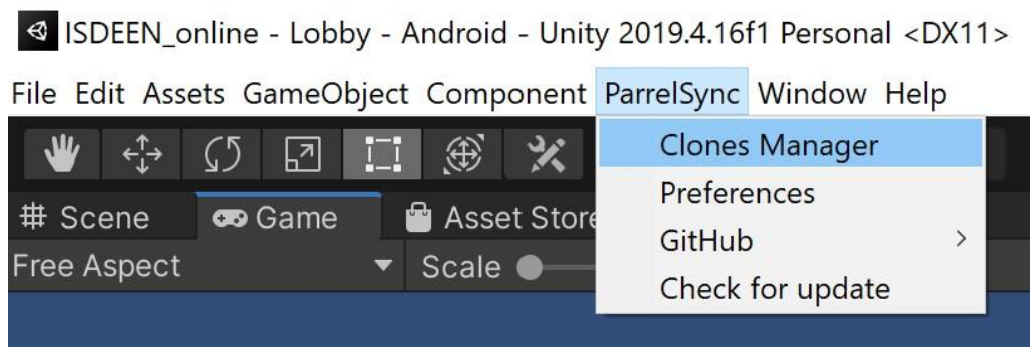

1. Download Unity Hub.
<https://unity3d.com/get-unity/download>
2. Download Unity 2019.4.16
<https://unity3d.com/get-unity/download/archive>

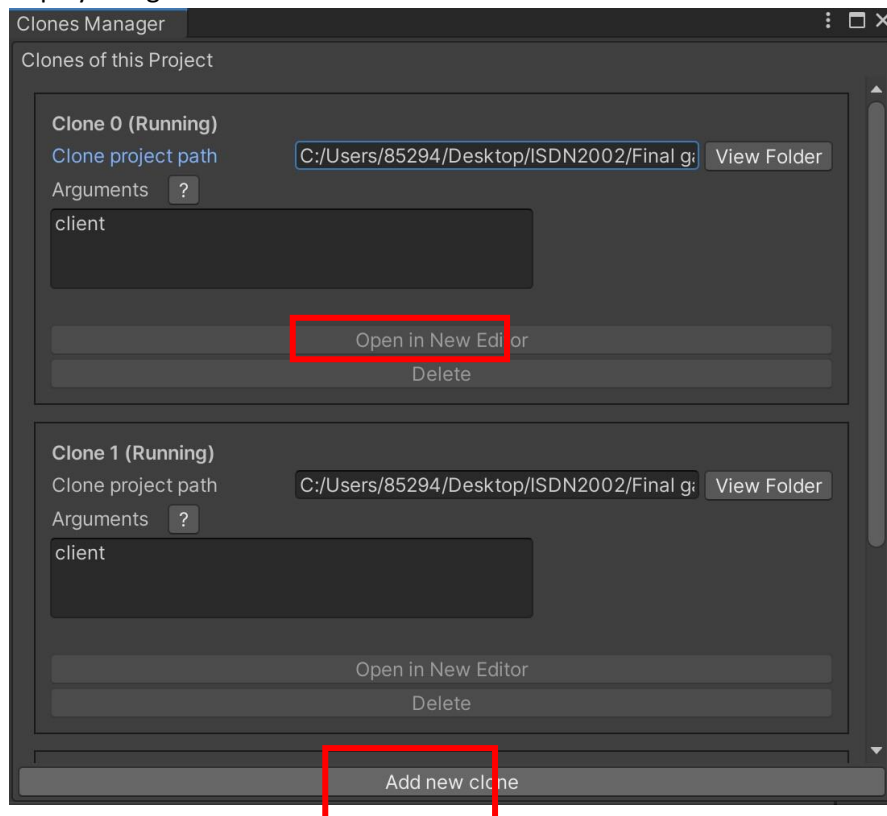

3. Open ISDEEN_online in Unity.

4. If you want to open multiple windows on one PC, click "ParrelSync" > "Clone Manage".

5. You will see this window. Click “Add new clone” > “Open in New Editor” to open new window of game. You need 4 windows to start the game, one as host and three as players. You can use more than one PC to play this game.

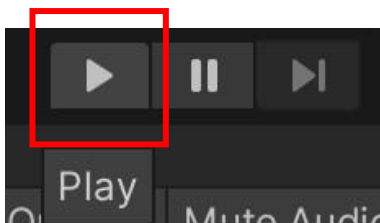

6. If you are linking multiple PCs, close the firewall for the Host PC.

 **Private network** (active)

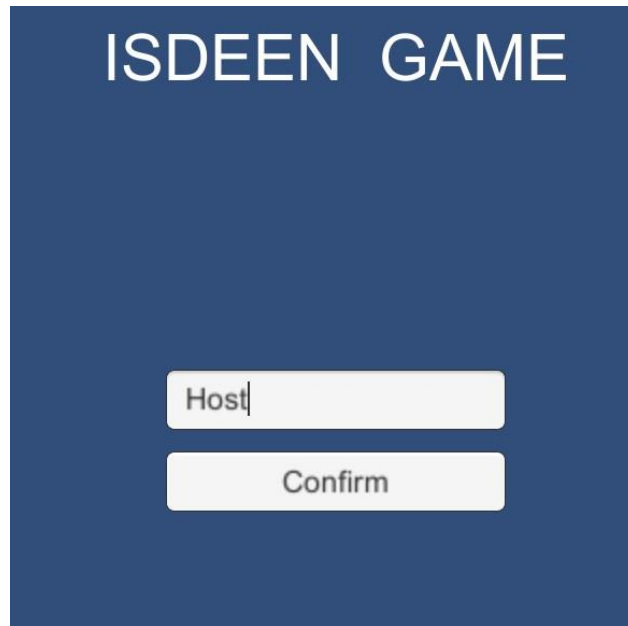

Firewall is off.

Turn on

7. Click “Play” to start.

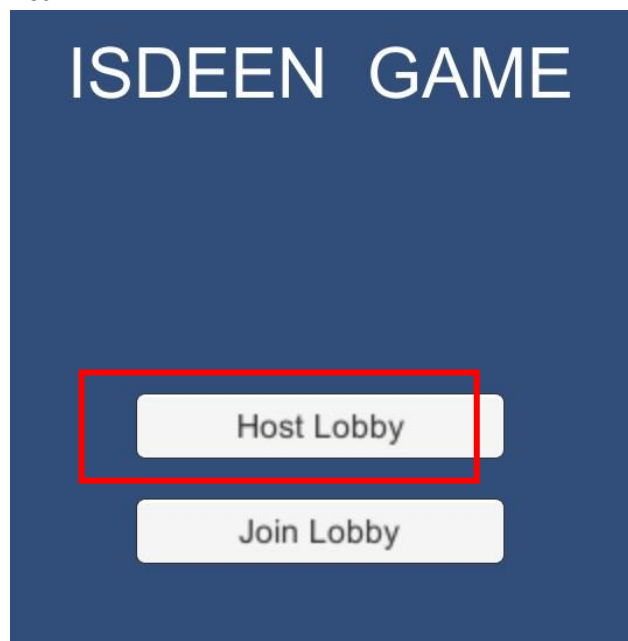

8. First, type in any name.

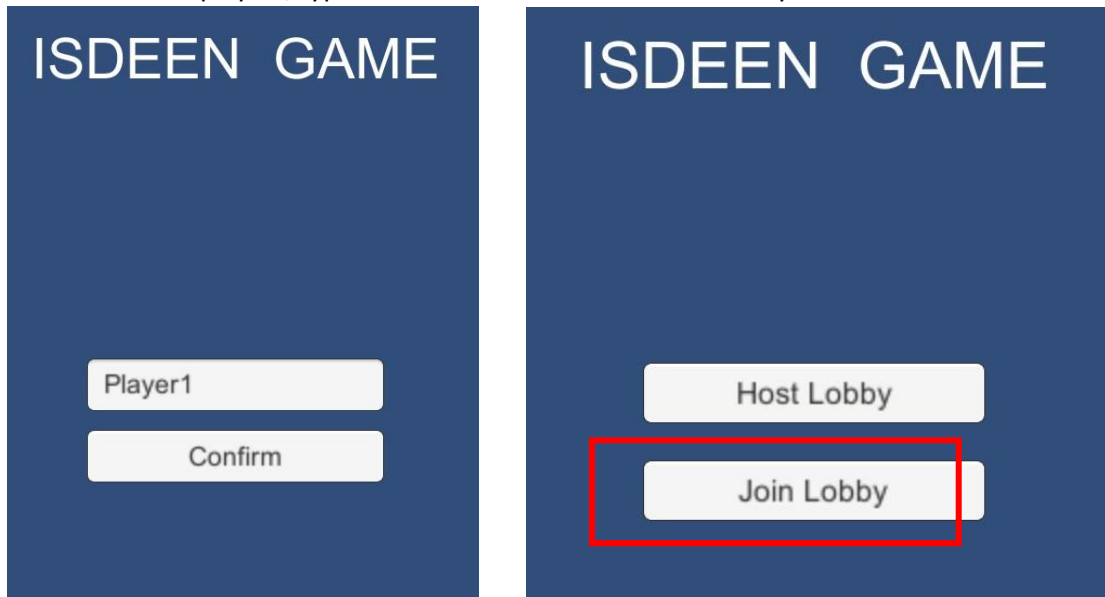

A dark blue rectangular screen with the text "ISDEEN GAME" at the top in white. In the center, there is a white input field containing the text "Host" with a cursor at the end. Below the input field is a white button with the text "Confirm".

9. Create the Host Lobby first.

A dark blue rectangular screen with the text "ISDEEN GAME" at the top in white. In the center, there are two white buttons. The top button is labeled "Host Lobby" and is highlighted with a red rectangular border. The bottom button is labeled "Join Lobby".

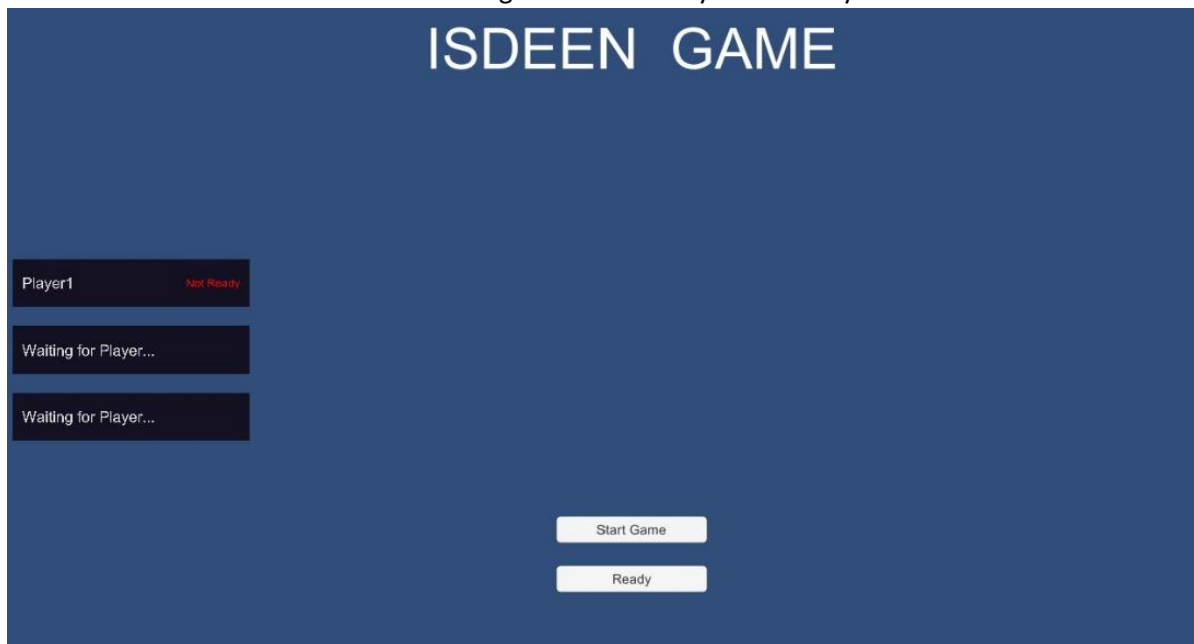

10. For the other three players, type in the name and choose “Join Lobby”.

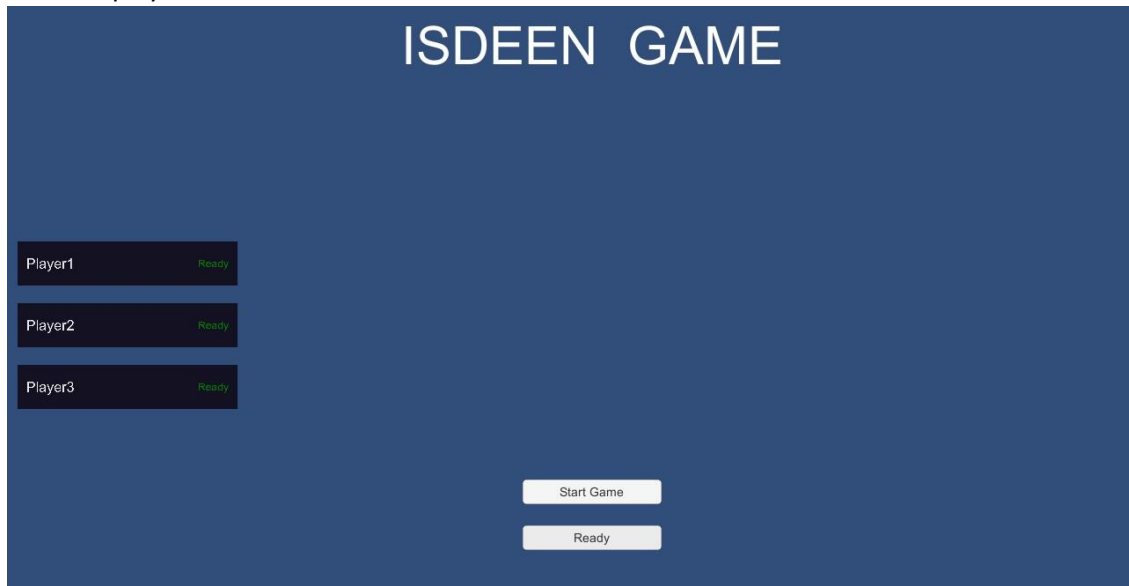

11. Enter the IP address of the Host PC.

12. You can see the players' names and their status on the left. Only the first player who join the lobby can start the game when everyone is ready.

13. The first player's view

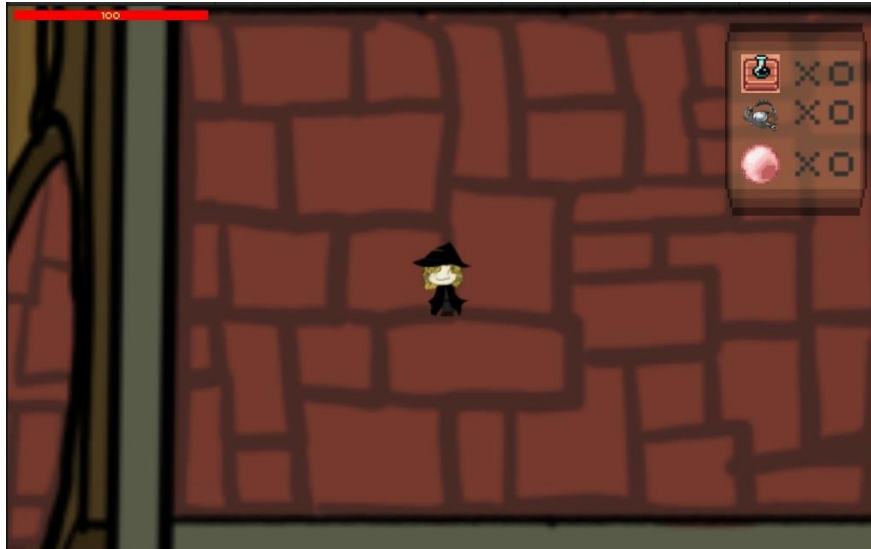

14. Other players' view

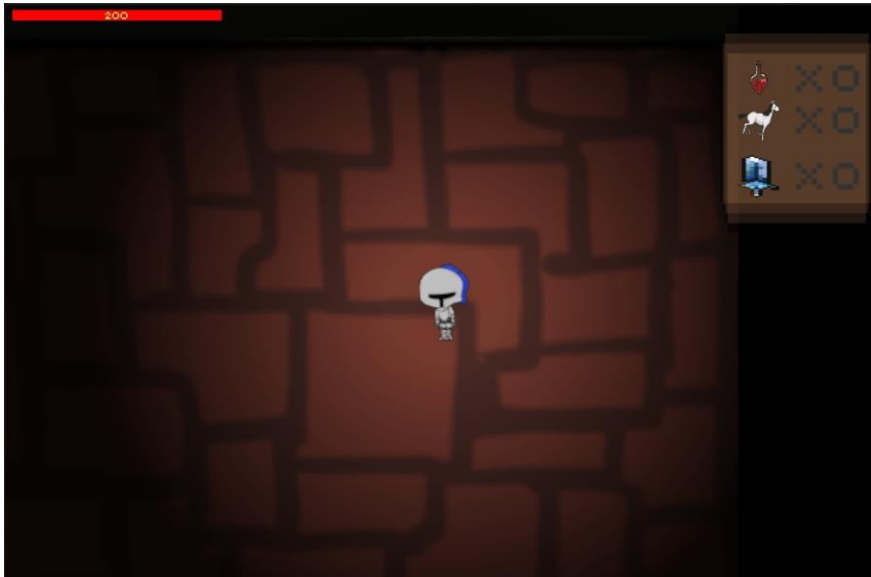

15. After game is started, you should see your character.

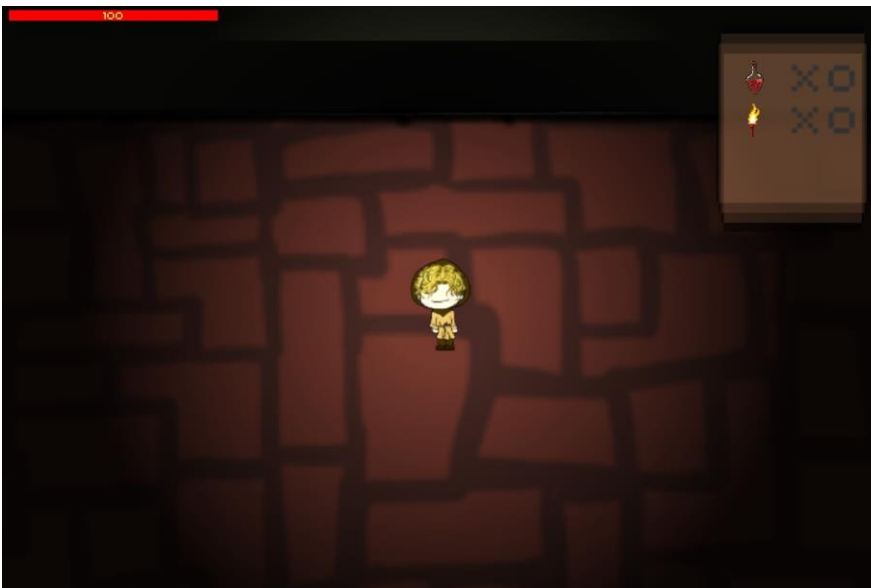

The Witcher:

The Knight:

The Chandler:

16. You cannot what character other players are except your own.

17. Chandler can see other players' character through lightening the torch.
